

The background of the catalog cover features a complex, abstract geometric design. It consists of several overlapping circles and ellipses in various shades of brown, tan, and light grey. These shapes are intersected by numerous thin, dark grey lines that create a sense of depth and perspective, resembling architectural or technical drawings of a building's interior or exterior.

Grazie alla particolare cerniera easy è possibile movimentare la tapparella anche con l'apparecchio a sporgere aperto, in questo modo si evita di danneggiare la tapparella qualora ci si dimentichi di chiudere il telaio prima di azionare il motore.

Thanks to the particular easy hinge it is possible to move the shutter even with the protruding device open, in this way it is possible to avoid damaging the rolling shutter if you forget to close the frame before starting the motor.
